II. Military Science and Military Art International Conference
II. Hadtudomány és Hadművészet Nemzetközi Műhelykonferencia
II. Conferencia Internacional de Ciencias Militares y Arte Militar

CONFERENCE PRESENTERS

Melek ADSIZ, currently a Ph.D. student at the University of Public Service, Doctoral School of Military Sciences and studying under Dr. Peter Stepper. Also Intern at Center for Strategic and Defence Studies. Before coming to Budapest, she completed Master program at Law faculty in the University of Szeged /Hungary. Her research focuses on Nato's Transformation After the Cold War and Turkish American Military Relations

Juliana AL MASSRI is a second-year Doctoral student in the Faculty of Military Science and Officer Training at the National University of Public Service, studying under Dr. Vilmos Fischl. The University of Pecs, Hungary, awarded her a master's degree in Human Resource Counseling. Currently, she is studying the role of international organizations in Middle East peacekeeping in her research on security studies.

Arina Anatolievna ANDREEVA, specialist in International Relations from Voronezh State University (Russia), master's degree in international Relations and International Law from Complutense University of Madrid (Spain), PhD in Political Science from Saint Petersburg State University (Russia). Currently Senior Researcher at Institute of Latin American Studies of Russian Science Academy and Lecturer at Peoples Friendship University of Russia. Research focuses: Spanish foreign policy, international relations, defence, securitization narratives, the role of the army in democratic states, human security, Official Assistance Aid.

Péter BALOG - cartographer. Doctoral School of Military Sciences, University of Public Service, Budapest. Main topic of research is the possibility of developing geospatial evaluation and analysis systems in the Hungarian Defence Forces that can be used for security and defence geography analysis of crisis zones. Previous publications in English: Spatial interpretation in warfare (2021), Interaction of military geography, meteorology, and military art - based on the example of war events (2021), Geospatial Analyses in military geography (2020). Job assignment: officer (lieutenant colonel) at the Geoinformation Service of the Hungarian Defence Forces, Head of Military Geography and Professional Training Department.

Péter BALOGH studied sociology at the University of Szeged Faculty of Humanities and Social Sciences between 2001 and 2006. After graduation he became a student in the sociology doctoral programme at Corvinus University Budapest. Presently he works as a lecturer and researcher at the Department of Sociology, University of Szeged. Lately his research topics cover the social aspects of asymmetric warfare and hybrid conflicts, the role of social resources in resilience and the network embeddedness of threats in the New Millennia. In 2020 he enrolled in the military science doctoral programme at the University of Public Science.

Attila BECK is a Ph.D. student at the Ludovika-Public Service University, Doctoral School of Military Sciences. He completed university studies in archaeology at ELTE University, his research area is the great migration period archaeology. His diploma thesis was titled "Sarmatian brooches on the Great Hungarian Plain". After graduating from university, he has worked on large-scale excavations for 15 years at the Hungarian National Museum and at the private archaeological company HistoriArch Kft. He currently works as an archaeologist at the Aquincum Museum. His specialization is the ancient Germanic military history.

Krisztián BENE Associate Professor, Deputy Dean for Application and Enrolment Krisztián Bene defended his doctoral thesis entitled The French Armed Collaboration in the Second World War at the University of Pécs in 2010. He obtained a habilitated doctorate in history at the same institution in 2016. He is the organizer of several military history conferences, president of the South Transdanubian Section of the Hungarian Association of Military Science secretary of the Military History Working Committee of the PAB of the Hungarian Academy of Sciences, and head of the Multidisciplinary Research Group on War Sciences at the University of Pécs.

María Fernanda CAMACHO POSADA, a second-year doctoral student of Public Administration at the National University of Public Service, in Hungary. She has twice been granted the Stipendium Hungaricum scholarship. Ms. Camacho completed her master's in International Relations at the Budapest Business University and her undergraduate studies in TEFL at Universidad Distrital in Colombia. Currently, working as a Spanish teacher and a Specialist in project management for the multinational Vodafone Spain.

II. Military Science and Military Art International Conference
II. Hadtudomány és Hadművészet Nemzetközi Műhelykonferencia
II. Conferencia Internacional de Ciencias Militares y Arte Militar

Mircea-Dănuț CHIRIAC (Prof. Dr.) is an expert of the Ministry of National Defense. Also he is Associate professor, PhD supervisor in the field of “National Security“ within National Defense University „Carol I”, Bucharest. His area of expertise covers crisis management and conflict prevention, military history, and political sciences.

Zsolt CSEPREGI is currently enrolled in the Military Sciences Ph.D. programme of the University of Public Service of Hungary. He is employed as an Intelligence Analyst at a US-based global software company. He is an expert on the Eastern Mediterranean region, specialised in Israeli foreign and security policy. Zsolt obtained his MA degree in International Relations at the Corvinus University of Budapest, and he is a former employee of the Israeli Cultural Institute in Budapest and the Antall József Knowledge Centre.

Ágnes DEÁK is currently a doctoral student at Corvinus University in Budapest. Her research field covers social and economic development processes in Latin America. She is primarily interested in the field of human development, but due to her studies in various fields of social sciences, her interest comprises many aspects of the region. She considers the interdisciplinary approach and fieldwork important.
